CITY MARKET COMPANY

Cor. Pryor & Ala. Sts.

made their way back as quickly as possible. A Reuter's Amsterdam dispatch dated Friday quotes the Nieuws Van Dier Dagh, of Ghent, as saying that King Albert left Antwerp this morning and has arrived at Selaete, a village near the Dutch frontier town of Sas Van Ghent. Telegraphing from Ostend the Daily Express correspondent sends the following: "The German plan for the reduction of Antwerp has carefully developed for many weeks past. The serious bombardment will only be begun when, in the opinion of the commandant, he is in position to take the city with little delay. For this purpose the Germans have been carefully constructed at most important positions. These have been brought from Namur and Maubeuge. The Germans have many of them at their disposal."

Borghout, a suburb of Antwerp, is being secured through a dispatch to Amsterdam to Reuter's Telegram company.

The bombardment of Antwerp has been terrible, says an Ostend dispatch to the Reuter Telegram company under date of Thursday.

"The Germans threw incendiary bombs on the city, and as a result that many parts of the town between the railway station at the south and the palace of justice are in flames. It is rumored here that the Germans have been repulsed on the left bank of the River Nethe."

A Taube aeroplane flew over Ostend at 4 o'clock this afternoon.

Concerning the operations around Antwerp the correspondent of the Daily Telegraph in Belgium, under date of Wednesday, says:

"The Germans today forced passage of the River Scheldt between Schoonebeek and Eilgen, under cover of a heavy early morning fog."

Turning the left few days the Germans have brought up large reinforcements. They no longer depend on the landward and the reserve troops, but bring up troops the first line. At least one army corps is concentrated at Asche, from which place they advanced through Alost toward the Scheldt.

"Previous attacks of the Germans on the river were all made under cover of violent artillery assaults which repeatedly proved futile. The last of these open attacks was Monday evening and was defeated by the allies."

"After this defeat the Germans changed their tactics. Instead of making an advance in force on the Schoonebeek position, they crept up during the night toward the left bank further east. Here they threw across a pontoon bridge and at 4 o'clock this morning about 10,000 men were seen crossing under cover of a heavy artillery fire."

"The Belgian patrol immediately opened fire. The Germans were in small numbers and after accounting for a few of the advancing infantry withdrew to the main Belgian line."

"Simultaneously the Germans commenced an action along the left bank side line, extending from Termonde to Wylderden, a few miles east of Drenghoven. They met with a vigorous defense, in which both artillery and infantry participated, and the Germans were repulsed by a bayonet charge. Again the enemy advanced, this time in augmented strength, and broke through."

"During the morning the Germans brought up several batteries of heavy guns. These outranged the Belgian artillery and forced its retirement, but it continued to harry the Belgian infantry. A Taube aeroplane directed the German operations."

"As soon as it became known that the Germans had crossed the river the Belgians brought up their artillery from behind, under cover of batteries which were shelling the enemy's main position on the opposite side."

"At 1:30 this afternoon a hotly contested battle was waged along the whole line. The mitrailleuses played a considerable part in the fighting. Many employed by the Belgians are drawn by dogs, several of which I saw lying wounded."

"Subsequently the Germans made desperate efforts to force their artillery over the pontoon bridge. This was thwarted by the Belgians and the two guns were destroyed by shrapnel. One battery, however, succeeded in forcing a passage. It was quickly brought into action and concentrated a vigorous fire on the great bridge of the Belgians to the east of Berlaere."

"After several hours of fierce fighting the enemy made a strong reinforcement from the south. They threw three bodies of infantry over the pontoon bridge and, although many were swept by a hail of fire, a considerable number passed over. They occupied houses in Berlaere and from these vantage points kept up a rifle fire on the Belgian infantry."

"At the moment the sending this dispatch the battle still continues. Although they have not yet got a large body of men across the Scheldt, the Germans evidently are making a determined advance, with a view, no doubt, of approaching Antwerp from the south-east."

A dispatch to the Chronicle from Tussenhout, Holland, dated Thursday evening, says:

"Severe fighting is proceeding out of Antwerp. I am informed that shrapnel struck the Erasmus hospital in Fontaine street, breaking up the windows."

It is reported here that the Germans have been compelled to retreat for a short distance.

"A number of Urusline nuns have arrived at Breda, Holland, from Londer, near Maastricht, where their convent was destroyed by the German fire. They are nursing three hundreds of wounded, who were rescued by Belgian soldiers."

The Times' Belgian correspondent, in a dispatch dated Wednesday, says:

"That the Germans are in strong force is evident from their fierce offensive along the River Scheldt. They crossed at three points. The damage done by the bombardment in Schoonebeek was great. Today's fighting was bitter and determined and both sides suffered heavily. The German losses, especially, must be great, for they held the bridge over the Scheldt close to the entrenched Belgians and the mitrailleuses were in constant use."

"In southern Belgium, Warneton, close to Ypres, has been razed by the enemy."

The Post's correspondent at Antwerp says that about a month ago the German commanders realized the danger of having the Belgian army occupy a fortified position which continually threatened lines of communication with the result that they sought to find out whether the Belgians would agree to keep their arms and ammunition in store for the German promise not to attack. The proposal was rejected, says the correspondent, and immediately the Germans began their campaign on the coast. The German troops were in pairs to Antwerp. The fugitives, they thought, might wreck the morale of the Antwerp garrison.

Antwerp Hard to Capture  
BERLIN, Oct. 8.—(Via London, Oct. 8.)—It is thought that the Germans will continue to progress at Antwerp and that they are already over the flooded area along the Nethe. A writer in the Militair Wochenblatt, however, warned the public against an excessive optimism regarding Antwerp, as the garrison of the fortress is still able to continue a desperate resistance.

## GERMANS ROSE TRUMP IN AN ARMY OF SAVING EAST PRUSSIA FRONT

Troops of Kaiser, Driven Back, Are Concentrating Forces in Defensive Positions Near Suwalki

(By Associated Press.)  
PETROGRAD, Oct. 8.—(Via London, 8.)—Russian observers of the campaign along the Prussian frontier, express the opinion that the Germans who were driven back during the fighting of the last three days in this field of operations, are now concentrating their forces in three defensive positions to the west and northwest of Suwalki, in a momentous effort to protect Margrabowa, an important railroad center five miles north of Lida, which has become lines of communications in directions and the loss of which would, it is argued here, be a serious blow to Russian activity in this region.

In spite of the difficulty of attack the Russian assaults, day and night, have, according to Petrograd newspapers, shaken the German resistance at this important point. The enemy has withdrawn his siege guns and other artillery from Margrabowa and has moved them to the west of Suwalki.

The military expert of the Novos Vremya says that this move from Margrabowa to the west of Suwalki is regarded here as the most important step up to the present time in the series of actions in this vicinity.

There is no confirmation here up to the present time of reports of the commencement of the expected tremendous battle in Poland.

Clarkson Bank Chartered  
The bank of Clarkson, Clark, and DeKalb, Inc., has been chartered. The bank is to have a capital stock of \$25,000. Its incorporators are Clark Jolly, C. S. Brand, and E. L. Waggoner, of Clarkson; W. H. Husk, of Decatur, and T. B. Wilkes, of Stone Mountain.

SERIOUS CATARRH YIELDS TO HYOMEL  
Also One of the Best Remedies for Head Colds or Bronchitis

Be wise in time and use Hyomel at the first onset of the disease. It is a frequent cold, constant sniffing, drooping, in the throat, or head headache, do not let the disease become deep seated for it will surely wreck your health, and if not checked may result in one of the most serious diseases.

Hyomel is nature's true remedy for catarrh—it is the direct method—you breathe it so that the mucus goes right to the more and diseased tissues lining the throat, the head and throat. Its antiseptic healing must begin at once.

It is no bother to use Hyomel. Simply put a few drops of the liquid into your nose, clear the head and throat, and breathe it. You will feel better after the first breath of Hyomel. It clears the head and throat like magic; while after a few days' use you will notice all your nasal symptoms are disappearing.

It is no bother to use Hyomel. Simply put a few drops of the liquid into your nose, clear the head and throat, and breathe it. You will feel better after the first breath of Hyomel. ## NEITHER SIDE CLAIMS VICTORY ALONG AISNE

The Official Statements From Paris and Berlin Say Situation About Same

LONDON, Oct. 8.—The official communication of the German general staff given out at Berlin in the evening of October 8 is contained in a Reuter dispatch from Amsterdam. It says:

"From the western sector of war no facts of decisive importance can be mentioned. Small progress has been made near St. Mihiel and in the Argonne."

"Before Antwerp Port Brecknock to the south has been taken, and the attack on the inner fort line has begun there. The bombardment of the quarter of the town lying behind was begun after a declaration of the commander of the stronghold that he took the responsibility."

"The British hall at Dusseldorf has been hit by a bomb thrown by a hostile aircraft. The roof of the hall was destroyed and the cover of an airship in the hall was demolished."

"In the east the Russian column is marching from Lomza (Russian Poland), and has reached Lida (in East Prussia) just beyond the frontier and almost directly west from Alsace."

Paris Says Situation Remains About Same  
PARIS, Oct. 8.—The following official announcement was given out in Paris this afternoon:

"The general situation has undergone no change."

"On our left wing the two opposing bodies of cavalry are still occupying the positions of Lida and La Basse, and the battle continues along the lines marked by the regions of Lens, Arras, Roy-Bas, Somme, Chaulnes, Joye and Laasgny."

"On the center of the line, and on the Meuse only sections of minor importance have been reported."

"On our right in the Woerthe district there has been an artillery contact along the entire front."

"In Lorraine in the Vosges and in Alsace there has been no change."

"The French and German troops have continued their advance in the direction of Fricke as far as the line of the Meuse, which protects the city at a distance from it of eight kilometers."

"The French and German troops have continued their advance in the direction of Fricke as far as the line of the Meuse, which protects the city at a distance from it of eight kilometers."

**"WATCH KRESS" WINDOWS"**

# RECRUITING EBBS AND FLOWS IN LONDON, AS BATTLE NEWS SHIFTS

Enlistments Run High When News Is Bad But When It Is Encouraging They Show Falling Off

(Correspondent of the Associated Press.)

LONDON, Sept. 24.—At headquarters of the London recruiting offices the authorities have compiled a chart which shows an interesting light on the psychology of recruiting. It covers a period between August 31 and September 1, when the news was not so gloomy as it is now. When 11,091 men enlisted in London, it shows that the average of 1,200 while the news from the front was not disquieting, however, when the news was more satisfactory, and how it went up with a rush when heavy casualties were announced.

On Monday, August 24, the news was quiet and advance along the line. There were 1,481 recruits. On Tuesday there was a further advance and the recruits went up to 1,547. On Wednesday, when it was announced there were 2,000 casualties at Mons, the figures rose to 1,516. On Thursday, with report of the retirement of the British troops, further recruits were added to the roll.

By Saturday, the 29th, when the news of the "British fight against tremendous odds," the total was raised to 2,063 for the day, and even on Sunday, usually a day when 1,250 men enlisted. But the following Monday, August 31, when the headline read "Casualties 5,000," and photographs of the first British wounded were printed, recruiting responded with a fall. On Tuesday there was only a slight advance and a fresh record of 4,135 was set. On Wednesday the news of the capture of the British line, and the sinking of the Pathfinder, London replied by making still another record of nearly 5,000 men.

Now that the war office has had a chance to deal with the first 5,000 recruits for the new army it is anticipated that before long the tide will be put back to the old level. At the London recruiting headquarters the names and addresses are being taken of thousands of men just under 5 feet 6 inches, and they are being told to settle down for a few weeks and wait until they receive a telegram.

An official said it was not that the army did not want the 5 feet 3-inch men, but that there is no anxiety at the London headquarters. One officer asserted he could raise half a million men in London alone.

## INVITATIONS RECALLED TO CATCHINGS WEDDING

The invitations to the double wedding of Misses Nancy and Gladys Chalmers to Captain Thomas Harper Shields and Mr. Frederick Augustus Watt, respectively, which were announced to take place at All Saints' Episcopal church Saturday morning, have been recalled. The wedding was postponed because of the death of the mother of the young ladies. The wedding was postponed because of the death of the mother of the young ladies. The wedding was postponed because of the death of the mother of the young ladies.

## Kitchener Began As a Camera Man

Kitchener, England's "Man of Iron," the idolized minister of war, got his start upward as a peaceful photographer in Palestine. Graduating with no particular distinction from the military school at Woolwich, he was assigned to the modest duty of taking pictures for the army engineers, who were making a survey of Palestine.

In the early days of his Egyptian service it is related that Kitchener was rashly adventurous. At one time he lived for several months disguised as an Arab among hostile desert tribes, in order to learn their language and watch their movements.

## World's Five Greatest Fights

Here are some figures showing the number of combatants that took part in some of the most important, epoch-making fights of the past:

Mukden, in the Russo-Japanese war, heads the list with a total of more than 700,000 men in battle array.

Leipzig ("The Battle of the Nations"), October 16 to 19, 1813—French, 160,000; Austrians, Russians and Prussians, 240,000. Total, 400,000.

Waterloo, June 18, 1815—French, 71,947; British and allies, 67,000. Total, 139,000.

Gettysburg, July 1 to 3, 1863—Federal, 50,000; Confederates, 30,000. Total, 160,000.

Sedan, August 29 to September 1, 1870—French, 150,000; Germans, 250,000. Total, 400,000.

Mukden, March 10 to 19, 1905—Russians, 400,000; Japanese, 241,000. Total, 701,000.

## BIG GUNS PLAYING LEADING ROLE IN WAR IN EUROPE

German Shells Are Wonders, But French Artillery Does Fearful Work, Says Wounded German Officer

(By Associated Press.)

BERLIN, Oct. 9.—"Artillery is trump in this war," says a wounded German officer interviewed by the Tagesschau. He continues:

"Our German shells are wonders. In addition to their destructive effect, the moral effect of their detonation is plainly to be observed. The enemy is not a little affected by the dull, uncanny notes. The showing of the field howitzers is a complete success. They are actually equal to the heaviest field pieces of the French. The Rimalho (15.5 centimeter) howitzers. The French shell is an effective projectile, except that they do not always explode.

"In our advances we have had opportunity to observe on the French dead and wounded the effect of our shells, and it was very great. At the beginning of the war the perspective point of our projectiles is said to have lain too high, and it is interesting to note that we first learned of this from letters captured from the French.

"It must be said that the French cannons shoot extraordinarily well. They keep a sharp watch on open fire as soon as they see dust rising, even at great distances, where they can reckon only on moral effect. They must have excellent information at their disposal. Their ammunition is well looked after. A cessation of fire because of lack of ammunition almost never occurs. This is the more remarkable because of their system of firing, in which they seek out an area in which they assume the enemy to be present and simply deliver it with their fire.

"Our heavy artillery has become the terror of the enemy, and the appearance of the 'growler' (the 18 centimeter mortar) is always joyfully welcomed by our troops. Its effect is fearful. I have seen two massive walls of a house penetrated by it. The detonation breaks all the windows in the vicinity. Where it strikes the enemy are thrown to the ground. The shells are covered with a grayish blue dust. Although our heavy artillery has no protective shield, it has repeatedly taken part in battles with direct fire and played a great part.

"When our fire is effective, the French simply abandon their guns. They are less effective on foot. The guns are pulled out of the line of fire, and the ammunition wagons are left standing. They often succeed in limbering up with extraordinary quickness and getting into another position further back. The French hold place, both as regards effectiveness and the readiness with which it can be handled, must be considered good."

## WAR REVENUE BILL IS NOW READY FOR PASSAGE

Measure Will Be Passed by Senate Next Week, Says Simmons

(By Associated Press.)

WASHINGTON, Oct. 9.—Final consideration of the war tax bill began in the

senate today when the measure, perfected by the Democratic senate caucus, was reported favorably by the finance committee. But a single change was made in the bill and this will be proposed as an amendment to the tax on cigarette manufacturers. Under the amendment manufacturers making up to \$100,000 a year will pay 15 cents; those manufacturing more than \$100,000, 25 cents; and those manufacturing more than \$250,000, 35 cents.

00.000, 25c. The committee left to a sub-committee the dispute over the tax on domestic wines. A flood of petitions protesting against a tax on proprietary medicines was presented to the senate by Senators Townsend, Chamberlain and Burton. Chairman Simmons, of the finance committee, expressed the opinion that the senate would pass the bill before the end of next week and clear the way for adjournment.

Civic Forum Debate At the meeting of the Civic Forum Saturday night at the Ansley hotel the question to be debated will be "Resolved, That popular elections of officials and state primaries should be decided by plurality vote rather than by majority." The affirmative will be upheld by Henry Grady Bell and Howard C. Stevens, while the negative will be defended by Victor Victor and J. G. B. Bloodworth.

## Saturday--Up to \$15 Trimmed Hats \$7.50

Greatest Sale of \$5 Hats

Atlanta Has Ever Known.

400 Styles. No Two Alike

The great profusion of styles of hundreds of both foreign and domestic models awaiting your pleasure makes detailed description impossible. We only wish to say that whether viewed as a magnificent whole or inspected in an individual way, the exhibit will delight the most particular and appeal to the most fastidious. From the most modestly priced to the most elaborate conception, a distinctive originality and individuality is manifest.

## A Comparison of Our Hats at \$5 and \$7.50 Is Invited

Many of them are not surpassed in exclusive models selling at \$15 and \$20. The label is the only detail which tells they are not of foreign make, and we believe such style can not be duplicated in any other store for less than \$10 to \$15. The majority of them are made of velvets and velour du nord, white ostrich fancies, roses, aigrettes, faille silks, satins and metallic effects are used in the trimming schemes. Every one a gem from some high-class artist.

## MISAPPLICATION OF FUNDS CHARGED TO DELEGATE SYSTEM

Spirited Attacks on Present Convention Plan Marked the Morning Session of International Disciples of Christ

Spirited attacks on the delegate system, which, it was charged, is unconstitutional, and has resulted in the misapplication of church funds, characterized the Friday morning business session of the international convention of the Disciples of Christ.

The discussion arose over the motion of Rev. Charles S. McDermott, of Des Moines, to adopt the joint missionary appropriation as recommended Thursday by the executive committee.

The motion of Rev. W. F. Richardson, of Kansas City, to suspend the motion for three minutes came next. Despite this, however, discussion continued all of the thirty-minute period allowed to convention business and from out for the day definite action on the mission budget and consideration of the resolution of Rev. W. H. Book, of Columbus, Ind., that the entire convention plan be abolished in favor of the old system of mass meetings.

It was declared in the speeches that funds that should have gone to benevolent purposes were used to pay the expenses of organizing the present convention.

Rev. W. R. Ashby, of Cleveland, Ohio, properly objected.

"You are squandering on a claim you'll never be able to prove," he declared. "This is not legally a convention of Disciples."

Rev. R. Moore, of Savannah, declared that the organization of the convention was in every respect unconstitutional.

Let us work in harmony and not make assumption that there is a ring or clique," he pleaded.

Rev. J. R. Briney, of Perse Valley, Ky., asserted that over 1200 had been diverted from the mission budget to fund for convention expenses.

"It is not right to take bread and meat from the needy," he declared, and put it on a convention the people do not believe in."

The present trend, he asserted, is toward a divided brotherhood.

PLEAD FOR HARMONY.

Rev. W. T. Moore, an aged delegate, made a fervent plea for harmony and urged the delegates not to be divided by opinion.

"We have always been a delegate convention," he said, "which plan we adopt, to meet the demand of the insurgents."

The Saturday morning session will resume discussion of the budget and Rev. Mr. Book again will attempt to get before the convention his resolution to abolish the delegate system.

One of Mr. Book's chief attacks on the convention plan is his charge that \$5,000 has been diverted from already overworked benevolent funds to meet the expenses of the convention.

Mr. Book's effort to get his resolution before the convention Friday was met by a ruling from the chair that the convention had automatically adjourned because of the expiration of the minute time limit. Mr. Book's request that the convention meet earlier Saturday was refused.

Following the business period, the convention was devoted to the religious services of the American Christian Missionary society, the morning session of which was given over to the address of the president, Rev. H. H. Sheffer, of Memphis, Tenn., and reports of various officers.

The address of Rev. Mr. Sheffer was a fervent plea for the cultivation of higher spiritual life and increased devotion to the work of mission.

Eighty-two new congregations of the disciples in twenty-seven states were added to build houses of worship during the past year through the efforts of the church extension fund of the American Christian Missionary society, according to the report of the church extension board, submitted by Rev. G. W. Muckley, of Kansas City.

Concluded by M. M. Munson, of New York, on "The Russian Christians—St. Petersburg"; by A. E. Cory on "The Work in Mexico and Yucatan"; and the report of the commission on foreign relations was to be given by Z. T. Sweetser, of Tennessee, on "Building the Poles," and by Carey E. Morgan, of Tennessee, on "Mission of the American Christian Missionary society."

Appeals for greater missionary efforts by the churches of Mexico and Central America were made by Rev. S. C. Cuman, chairman of the board's committee on Latin America, and by headquarters in Pinar del Rio, Mexico, voiced the call for increased activities in Mexico, Central and South America, and H. J. Derick, of Indianapolis, emphasized the need of more workers in American cities.

Mr. Inman asserted that the present is the crucial period in Latin America and especially in Mexico, where, he said, there is a changing attitude toward Protestant religion.

"The frequent revolutions in Latin America usually involve some worldly principle and mass advancement, and are not merely purposeless outbreaks," he declared.

"The revolution in Mexico," continued Mr. Inman, "was a most justifiable uprising against the abuses of land barons and the oppression of the masses."

He immediately a sufficient reinforcement of missionaries was made to the ill-fated area of progress in Mexico that will endow the world."

Mr. Inman made charges against alleged practices of priests in various parts of Mexico and then declared that the whole country is in revolt against the dominant class.

He asserted that efforts should be directed toward converting to Christ the leaders and educating the masses rather than the masses in Central and South America, and that the winning of leaders will result in the winning of the whole nation.

MR. BERTHICK'S ADDRESS.

Mr. Berthick, argued that the church is the natural and logical agency through which to conduct social center work in the cities and that there is urgent need for additional trained leaders for the church in almost all the big cities of the United States.

DEMOCRATIC LEADERS TO SPEAK IN THE SOUTH

Cabinet Members and Others to Lend a Hand in Fall Campaign

(By Associated Press.)

WASHINGTON, Oct. 9.—Administration officials are planning their general plan for the fall campaign. It includes speeches in various parts of the south by cabinet members and senate and house leaders, some of whom already are in the field. A number of important meetings not yet scheduled are being arranged.

The president will start the campaign, formally, from the Democratic standpoint, with a letter to Majority Leader Underwood, praising the work of congress, whether there will be other letters will depend on the progress made by Democratic campaigners.

The campaign itinerary of Secretary of Labor Wilson includes speeches in Pennsylvania, Indiana, West Virginia and Maryland.

ALABAMA ARTILLERY ASKS VINDICATION

(Special Dispatch to The Journal.)

MONTGOMERY, Ala., Oct. 9.—Batteries B and C of the Alabama national guard, which were sent to the front during the recent weeks ago, have again appealed to congress for an investigation to determine the responsibility for the alleged mutiny at the close of the campaign at Mobile.

A committee has addressed a letter to the governor pleading for a public inquiry so those not responsible may be vindicated. The claim is that the innocent are feeling the disgrace and that they want an opportunity to place the blame.

CHENEY'S EXPECTORANT

Cures Asthma, Short Breath

Cold, chilly feelings, sniffing, sore throat, coughing, etc., are relieved by the use of Cheney's Expectorant next time. You need a remedy for cold, etc. at all times.—(Advt.)

church property is stated at \$603,490. The board's total receipts for the year amounted to \$200,047, of which amount \$150,564 represented payments on loans and \$49,483 the remainder was new collections.

MANY CHURCHES ADDED.

The report stated that the number in the church extension fund September 30 last, was \$115,476.96, and since the beginning of the year 1914, the church extension fund has added twenty-eight churches, with a total of 1,717 churches.

The churches which failed and sold their property for their debt to the board, amounting to \$1,265,000 have been paid in full, while \$1,265,000 interest on loans amounting to \$40,779.19 also has been paid to the fund, making the total amount returned \$1,305,779.19.

The board reported there are 1380 congregations of the church without houses of worship.

The receipts of the society for last year amounted to \$151,194.42, a decrease compared to the previous year of \$12,417.57, according to the report submitted by Grant K. Lewis, of Cincinnati, secretary.

The report stated that the secretary's debt has been reduced during the year from \$75,141 to \$44,232. The board's financial statement for last year was also submitted.

It was also the fact that the Men and Millions Movement absorbed many of the larger cities usually made the center of the city.

The board reported that it supports in whole or in part 317 missionaries, that 47 new churches were organized, and that 11,831 members were added to the church through the efforts of the society.

COUNTRY CHURCHES.

The board made an urgent plea for more attention to country churches. In this connection, the report stated: "A careful survey recently made indicates that 60 per cent of the churches in small towns, villages and the open country are in need of growing. Four-fifths of our own churches are in such condition."

The board declared that the church must be reactivated if the disciples of Christ are to continue to be the great religious movement of the world. It comes from our ministers and missionaries, and the vigor that is developing strength in the cities."

The report mentioned especially the work done by the society among foreigners in the United States and emphasized the need of greater attention to caring for the religious instruction of the children of these cities.

"The most far-reaching factor in the evangelization of the world today," says the report, "is found in the large foreign population in America. These immigrants are the ones who have made America what it is."

It was recommended that a campaign be undertaken at once to lift the level of the society, that hearty support be given to the Men and Millions Movement, that the budget system in raising mission funds be continued, that there be close co-operation among the various missionary and benevolent agencies of the church, and that the force of workers among the immigrants be increased.

The committee on constitutional amendments, appointed at the previous convention last year, recommended that the president of the society serve also as president of the board of trustees. Hereafter the board of trustees has elected its own president.

Members of the committee pointed out the object of this proposed amendment, which will come up for final passage next year at the Los Angeles convention, is to give the society more efficient importance for one man to give the object of the society.

The report of the board of ministerial relief showed that the total receipts for 1914 amount to \$151,194.42, a decrease compared to the preceding year.

The ministerial relief board has 111 names on its rolls and disbursed \$1,341 in 1914, an increase of \$1,341 in pension. This report was submitted by W. E. Warner, secretary.

A. W. Taylor, of Missouri, in submitting the report of the civil service commission, pleaded for greater activity among foreigners in the larger cities of America. He declared that there is an urgent need of more Protestant churches in the foreign sections. Mr. Taylor also urged more attention to rural churches, where, he asserted, a big percentage of church leaders receive their early training.

AFTERNOON SESSION.

The afternoon session was to be opened with a "missionary seminar" conducted by Mrs. Margaret R. Phillips. Devotional services were to be conducted by H. H. Harmon, of Branks, after which addresses were to be delivered by M. M. Munson, of New York, on "The Russian Christians—St. Petersburg"; by A. E. Cory on "The Work in Mexico and Yucatan"; and the report of the commission on foreign relations was to be given by Z. T. Sweetser, of Tennessee, on "Building the Poles," and by Carey E. Morgan, of Tennessee, on "Mission of the American Christian Missionary society."

Appeals for greater missionary efforts by the churches of Mexico and Central America were made by Rev. S. C. Cuman, chairman of the board's committee on Latin America, and by headquarters in Pinar del Rio, Mexico, voiced the call for increased activities in Mexico, Central and South America, and H. J. AN UNSOLICITED TESTIMONIAL

Globe Clothing Co.

89 Whitehall St.

Atlanta, Ga.

Gentlemen:--

I have never seen, or worn a better suit at \$15.00 than the one purchased of you yesterday. It fits perfect, it looks like a twenty-dollar garment, and pleases me entirely. The Balmaacan purchased of you last week, proved that the past rains did not damage my Balmaacan a particle.

As I note the ticket on the coat says Craven-etted, and it's surely correct. I'll tell all my friends what splendid clothes you sell at Fifteen Dollars.

Very Truly Yours,

Jack Carr

A mighty good Hat at \$1.50, \$2 or \$3.

A wonderful Shirt at \$1 and \$1.50.

A great line of Sweaters, \$1 up to \$7.50.

The best line of Boys' Clothes in Atlanta.

Underwear that's helping along the Cotton crop.

A special line of fast color Shirts, 50c, 75c.

Men's Waists, in sizes 6 to 14, at 25c.

Men's and Young Men's Suits, Special, at \$15.

Balmaacan Coats, in new shades, \$10 and \$15.

Monito, Conqueror and Notaseme Sox 25c.

If you can't come, phone. We'll fill your order.

If out of the city, write. Mail orders filled.

And we pay parcel post.

THE GLOBE CLOTHING COMPANY,

89 Whitehall Street,

## CONVENTION SIDELIGHTS

By Edward B. Bagby

S. G. Inman, the founder of the American Christian Missionary society of Mexico, made the closing address of the convention at Hills Island and other parts of entry, in providing chaplains for army and navy, in various forms of social service, and in other ways too numerous to mention, there is large room for co-operative effort. Experience brings home to our hearts the profound conviction that the unity of a divided church can be promoted by practice quite as much as by preaching."

The disciples have special pride in the work of their church extension society which has helped build, in forty-four states and five provinces, 1,717 meeting houses, which, placed 11.2 miles apart, would stretch from Washington City to San Francisco. They have done this great work and still have \$1,151,710. The total new receipts for this year were \$19,124, and eighty-two new organizations were housed during this time.

AMERICAN STEAMER HELD AT HONG KONG

(By Associated Press.)

SHANGHAI, China, Oct. 9.—A dispatch from Hong Kong details the capture at sea by a British vessel of the American steamer Rio Pagan, which has been brought into Hong Kong a prize.

The Rio Pagan is owned by Vicente Magaldi, of Manila. She was picked up off Sanbagu, Borneo, she left Manila August 7 loaded with coal and had on board several Germans as passengers.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate ones, these glasses may be ruining your eyes instead of helping them. Thousands who wear them may prove for themselves that they can do without glasses if they will get the following prescription filled at once: Go to Jacobs' Pharmacy or to any active drug store and get a bottle of Oculin. Fill a two-ounce bottle with water and drop in one of the Oculin tablets. This harmless liquid solution bathes the eyes two to four times daily, and you are likely to be astonished at the results from this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late. Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given. (Advt.)

A beginning has been made of work among the foreign immigrants. John Johnson is at work among 400,000 Russians in New York; F. D. Butchart among the Bohemians; C. E. Kousseff has charge of the Russo-Bulgarian mission in Chicago, and D. E. Olson is the evangelist among the Scandinavians of the northwest.

The charge has been made at times that the disciples preached Christian union but failed to practice it. This is not true of our home board. It has affiliation in the Home Missions Council, composed of representatives of twenty-two denominations, to work in co-operation to evangelize and Christianize America. The report of Secretary Lewis read this morning, says:

"In obtaining facts as to actual conversion, in fixing responsibilities for entire communities religiously destitute, in minimizing unholy rivalry where de-

nominational churches overlap, in publishing books and literature, in campaigns that quicken the conscience and improve the methods of missionary finance, in immigrant aid at Hills Island and other parts of entry, in providing chaplains for army and navy, in various forms of social service, and in other ways too numerous to mention, there is large room for co-operative effort. Experience brings home to our hearts the profound conviction that the unity of a divided church can be promoted by practice quite as much as by preaching."

The disciples have special pride in the work of their church extension society which has helped build, in forty-four states and five provinces, 1,717 meeting houses, which, placed 11.2 miles apart, would stretch from Washington City to San Francisco. They have done this great work and still have \$1,151,710. The total new receipts for this year were \$19,124, and eighty-two new organizations were housed during this time.

The Rio Pagan is owned by Vicente Magaldi, of Manila. She was picked up off Sanbagu, Borneo, she left Manila August 7 loaded with coal and had on board several Germans as passengers.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate ones, these glasses may be ruining your eyes instead of helping them. Thousands who wear them may prove for themselves that they can do without glasses if they will get the following prescription filled at once: Go to Jacobs' Pharmacy or to any active drug store and get a bottle of Oculin. Fill a two-ounce bottle with water and drop in one of the Oculin tablets. This harmless liquid solution bathes the eyes two to four times daily, and you are likely to be astonished at the results from this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late. Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given. (Advt.)

A beginning has been made of work among the foreign immigrants. John Johnson is at work among 400,000 Russians in New York; F. D. Butchart among the Bohemians; C. E. Kousseff has charge of the Russo-Bulgarian mission in Chicago, and D. E. Olson is the evangelist among the Scandinavians of the northwest.

The charge has been made at times that the disciples preached Christian union but failed to practice it. This is not true of our home board. It has affiliation in the Home Missions Council, composed of representatives of twenty-two denominations, to work in co-operation to evangelize and Christianize America. The report of Secretary Lewis read this morning, says:

"In obtaining facts as to actual conversion, in fixing responsibilities for entire communities religiously destitute, in minimizing unholy rivalry where de-

nominational churches overlap, in publishing books and literature, in campaigns that quicken the conscience and improve the methods of missionary finance, in immigrant aid at Hills Island and other parts of entry, in providing chaplains for army and navy, in various forms of social service, and in other ways too numerous to mention, there is large room for co-operative effort. Experience brings home to our hearts the profound conviction that the unity of a divided church can be promoted by practice quite as much as by preaching."

The disciples have special pride in the work of their church extension society which has helped build, in forty-four states and five provinces, 1,717 meeting houses, which, placed 11.2 miles apart, would stretch from Washington City to San Francisco. They have done this great work and still have \$1,151,710. The total new receipts for this year were \$19,124, and eighty-two new organizations were housed during this time.

AMERICAN STEAMER HELD AT HONG KONG

(By Associated Press.)

SHANGHAI, China, Oct. 9.—A dispatch from Hong Kong details the capture at sea by a British vessel of the American steamer Rio Pagan, which has been brought into Hong Kong a prize.

The Rio Pagan is owned by Vicente Magaldi, of Manila. She was picked up off Sanbagu, Borneo, she left Manila August 7 loaded with coal and had on board several Germans as passengers.

Boswell, pastor of First Christian church, Chattanooga, Tenn. At the lower right is Rev. Leroy M. Anderson, pastor of First Christian church, Macon, Ga.

## QUITMAN'S WOMAN'S CLUB WORKING FOR LIBRARY

Agree to Subscribe \$200 a Year for Three Years Toward Maintenance

(Special Dispatch to The Journal.) QUITMAN, Ga., Oct. 9.—The Woman's club initiated the winter's work by unanimously voting to subscribe \$200 a year for three years toward the maintenance of a Carnegie library. The club also voted to make the securing of a \$10,000 Carnegie library the chief object of its endeavors. Mrs. L. H. Chapman reported the conditions upon which the library can be secured and said the Brooks County Library association is ready to donate its property, consisting of a city lot and building and 1,500 books, to the new library. She said the present subscription library has been in existence thirty years here and no longer meets the demands of the public. Members of the city council have been interviewed on the Carnegie library proposition and are understood to favor the plan. The Woman's club believes their voting a definite sum toward the maintenance of the library will stir the council to action.

## BALLOON PURSUIT RACE IS WON BY L'EUCREUTL

(By Associated Press.) PITTSBURGH, Pa., Oct. 9.—Official measurements today showed that L'Eucréutl, with Robert Golden, of Philadelphia, as pilot, won yesterday's balloon pursuit race. The balloon landed within nine-tenths of a mile of the King balloon, Dancing Doll.

Interest Business Men Plans for the visit to Atlanta on October 25 of Ballington Booth, national head of the Volunteers of America, will be laid before a special meeting for Atlanta business men at the old Tabernacle Saturday afternoon at 2:30 o'clock. The meeting is called by Staff Captain J. Charles Barlow, district manager of the Volunteers.

## BAPTIST WOMEN HOLD MEET IN WEST POINT

(Special Dispatch to The Journal.) WEST POINT, Ga., Oct. 9.—The Baptist Women's Missionary union, which is convening in LaGrange this week, was addressed by Rev. Graham Forester, pastor of the First Baptist church of this place. Among the Baptist women who attended the convention from West Point were: Mrs. E. J. Collins, Mrs. W. C. Lanier, Mrs. J. C. Lanier, Miss Willie Askew, Miss Mary Willie Askew, Mrs. John Horsley, Miss Jessie Lewis Johnson, Mrs. Henry Hart, Mrs. Lem Askew and Miss Alice Askew.

## CONVICTS MAKE ESCAPE THROUGH TRAIN WINDOW

Use Pin to Open Handcuffs and Dive Out Head

First MONTGOMERY, Ala., 9.—Using a pin as a key, Archie Reese and Will Brown, negro convicts of Jefferson county, unlocked their handcuffs and jumped from the windows of a train near Clanton yesterday afternoon. They were being transferred to the penitentiary at Vicksburg to begin long terms. Reese had been sentenced to twenty years for second degree murder and

Brown to thirteen years for robbery. They with about eighteen others were chained together on the train and were in charge of P. O. Austin, state transfer agent. Soon after the train had left Clanton Mr. Austin heard a scuffle and looked up in time to see the convicts' feet disappear through the windows. The train was stopped and chase given but they escaped. Rewards of \$50 have been offered by the convict department.

## MEN AND RELIGION BULLETIN NO. 143

# NOT TO CONDEMN MEN

## But to Save

**"God sent not His Son into the world to condemn the world; but that the world through Him might be saved."**

---John 3:17

THREE HUNDRED THOUSAND GERMANS killed and wounded.

You grasp the cruel and inexcusable waste of life because their broken bodies have fallen in a space of a few hundred miles.

Did you know?

LAST YEAR THREE HUNDRED THOUSAND CHILDREN died from neglect and want in the United States.

FIVE HUNDRED THIRTY-FIVE THOUSAND LABORERS were killed and wounded that year in trying to make a living.

The unnumbered hosts of children born blind or maimed by their fathers' sins are known only to God, but our homes for the blind and the asylums for those of weakened mind are eloquent evidence of the multitudes of these.

BISHOP LAWRENCE of Massachusetts, recently said:

"DRINK, AND THAT NOT TO EXCESS, BUT HABITUAL, gradually disintegrates the physical nerve and the moral fiber; the resisting power, whether against disease or temptation, weakens, AND WHAT IS MORE TRAGIC, the sons and daughters REVEAL THE FATHER'S RATHER LOOSE HABITS OF cocktails, champagne and whiskey, IN WEAKENED BODIES AND MORE OR LESS DEGENERATE SYSTEMS."

After traveling through the Far East, PRESIDENT CHARLES W. ELIOT of Harvard University, said before the General Unitarian Conference at Buffalo:

"It is mortifying to the last degree for an American to see intoxicated American soldiers and sailors staggering about the streets of the Chinese cities—

"THE LESSON OF THE EAST IS THAT THE ALCOHOLISM OF THE WHITE RACE MUST BE OVERCOME, OR THAT VICE, WITH THE LICENTIOUSNESS IT PROMOTES, WILL OVERCOME THE RACE."

In considering these facts, be fair.

The deaths of those children—The killing and maiming of that vast army of laborers—The sickening tragedies among women and babies from vice and alcohol—These sins and their fruits lay not at the doors of a few; the guilt rests upon us all; the burden is both yours and ours.

Let no man boast!

BUT ANSWER—IN SUCH AN HOUR, WHEN EVEN RUSSIA HAS FORBIDDEN THE SALE OF LIQUOR, TO ENABLE HER PEOPLE TO FACE WITH CLEAR HEADS THE CRISIS OF THEIR LIVES, SHOULD OUR SENATORS AND REPRESENTATIVES AT WASHINGTON HELP TO ENTRENCH THE LIQUOR DEALERS BY INCREASING THE TAX ON WHISKEY, WINE AND BEER, THUS ADDING TO OUR SHARE OF MONEY MADE BY THE RUIN OF MEN, WOMEN AND LITTLE CHILDREN?

GOD FORBID!

THE EXECUTIVE COMMITTEE OF THE MEN AND RELIGION FORWARD MOVEMENT

## CO-LAX-IVE

Keeps You Well Because It Will Correct Your Constipation in 3 Minutes

**CO-LAX-IVE IS BEST WAY**

You can't imagine what a world of discomforts and actual agonies that you can now relieve in just about 3 MINUTES by using the great new laxative ointment to correct constipation. If you are constipated, you have a train of symptoms such as headache, biliousness, nervousness, sore throat, and stiff limbs and back. YOU PROMPTLY took a remedy for EACH of those symptoms and what you swallowed for the REMEDY CAUSE, constipation, didn't help very much. Here's your opportunity! DON'T take any more pills, salts, salines, oils or other stuff for the bowels. Break away from the habit right now. CO-LAX-IVE will help you. You will correct all constipation. You used to "take" something, then get up in the middle of the night. Now you simply give the special CO-LAX-IVE tube a couple of squeezes and in 3 MINUTES there is a perfect, healthy action, ridding the system of ALL the foul secretions. See for yourself—get a single tube, and you'll about its praise all right. CO-LAX-IVE is an especial boon to those who should move the bowels at a certain time, such as motorists, conductors, railroad trainmen, firemen, policemen, etc. We have hundreds of friends among those people and they would never use anything ineffectually again! And CO-LAX-IVE won't harm you—indeed not! You can never imagine how grand it is till you've gotten hold of 3 tubes of it and use it a couple of times. You can get it now from Courtes & Munn, at 19 Marietta street. It's just 25 cents a tube, enough for several times. Or send us 50 cents and we'll mail the tube to you direct.

**The Tex-a-tine Remedy Co.,** Laurel & Freeman Ave., Cincinnati, Ohio

## GERMAN PRESS SAYS U. S. FRIENDLY TO GERMANS

Comment on Reply of Wilson to Kaiser's Note on Dumdum Bullets

(By Associated Press.)  
BERLIN, Oct. 8.—(Via London, Oct. 9.) The newspapers are reprinting President Wilson's reply of September 16, to Kaiser William's communication, in which he reported the finding of dumdum bullets at Longwy and protested the way in which the war was being waged by Germany's opponents. President Wilson's reply was that it was useless to express a final judgment and that an accounting would come at the war's conclusion. Newspaper comment on this reply is friendly.

The Times, in this connection, says: "We have a clear conscience from the viewpoint of justice and humanity in the war and can look the world unflinchingly in the face. We, however, do not intend to regard the public opinion of the world. In the last instance the German people, united with the emperor, are alone competent to decide the correctness of Germany's course."

## SENATE STARTS DEBATE ON WAR TAX MEASURE

Leaders Are Confident of Its Passage by Last of Next Week

(By Associated Press.)  
WASHINGTON, Oct. 9.—Debate on the war tax bill designed to bring in about \$250,000,000 revenue, began in the senate today. Administration leaders are confident of its passage by the end of next week. The sub-committee of the senate finance committee continued today its efforts looking to a settlement of differences between wine growers over an agreement would be reached fixing the tax on grape brandy, used in fortifying sweet wines at 50 cents a gallon and the levy a gallon on wine arranged to equalize both dry and sweet wines at about 16 or 17 cents a gallon.

## LUSITANIA ARRIVES ON TRIP FROM LIVERPOOL

NEW YORK, Oct. 9.—The Canadian liner Lusitania from Liverpool, which passed quarantine late last night, will dock today. Her passengers include the members, with two exceptions, of the party which went to Europe on the cruiser Tennessee with Assistant Secretary of War Brockbridge to distribute American relief funds.

## WILSON OPPOSES FEDERAL LOAN TO COTTON FARMERS

Bill to Make \$250,000,000 Available for This Purpose Is Not Favored by Him

(By Associated Press.)  
WASHINGTON, Oct. 9.—Official announcement was made at the White House today that President Wilson opposes the plan to adjourn congress as soon as the war revenue bill is passed. The president is interested in the cotton situation, but the intimation at the White House today was that he opposes the plan agreed on last night at a meeting of southern members of the White House today and agreed with the federal government loan \$250,000,000 through banks to cotton planters. The president is said to believe private banks, with the treasury support, can relieve the situation. Representative Underwood was at the White House today and agreed with the president that adjournment can be taken as soon as the war tax bill is passed.

The rage in New York for cuffs, collars and trimming purposes, 2 to 3-inch hemstitched organdies, shadow laces and plain nets. Most of them edged with black velvet. 50c to \$1.50.

## WALTER ANDREWS URGES PROTECTING STATE ROAD

Declares Every Effort Should  
Be Made to Prevent Bot-  
tling Up State Property

Editor The Journal: On the same morning when I saw in the paper that the attorney general had advised the secretary of state that there was no legal reason why he should not at once sign the charter applied for by the North Georgia Mineral railroad company, I called upon the secretary of state and urged him as strongly as I could against his taking that action. I met Judge Hart in the secretary's office at that time on a similar mission and the secretary told me Judge Hart and I were the only two men that had called upon him in that behalf.

I notice in the paper this morning that the governor states that only one member of the legislature has seen him about this matter. I am not yet a member of the legislature, being only one of the Democratic nominees from Fulton county, but I called upon the governor on the same morning that I saw the secretary of state, and urged him as strongly as I could to use his influence to prevent the signing of that charter by the secretary of state. While I was talking with the secretary, the governor sent for him upon that mission, and I am sure he is using his influence to prevent the chartering of the newly proposed road.

I am convinced that so little interest is being manifested upon this subject, which is the most vitally important that has come up in Georgia in a decade, and if other legislatures have slept upon their rights in the past, I certainly will guarantee that the next will not do so.

This is the point that the secretary of state and which I urge that you and others will also urge. That it is the duty of the secretary of state to resolve every doubt in this matter in favor of the secretary of state and to refuse his signature to this proposed charter until he is commanded to sign same by a decision of the supreme court of Georgia. In other words, if I were the secretary of state in this matter of such transcendent importance to all of the people of Georgia, I would arbitrarily refuse my signature to the charter of a proposed railroad company whose known purpose is to bottle up if not to destroy the state's chief asset—the W. & A. railroad.

By such a course we would, at least, gain an opportunity to handle this great matter in its regular session. If that much time is gained, this matter is of sufficient importance, not only to justify but to demand the attention of an extra session of our general assembly. It will be forever too late after the session of the secretary of state is asked to that charter. It will mean the absolute ruin of the state's greatest asset to which the secretary of state should never give his consent except at the end of our proceedings terminating in the supreme court of Georgia.

Yours, etc.,  
WALTER P. ANDREWS.

## RAILROAD COMMISSION TO HAVE BUSY SESSION

An unusual number of public hearings are to be held by the state railroad commission during the session beginning Tuesday, October 13. The calendar of cases to be heard is a long one and runs through October 22.

There are many important petitions to be considered, several of which are of special interest to Atlantians in the petition of the Georgia Railway and Power company for the right to discontinue extra car service on certain of its lines during the rush season. The petition will be heard October 21.

## FUNDS ARE NEEDED TO ENFORCE NEW LAWS

Owing to inadequate funds, the state board of health will be able to do little this year toward putting into effect the vital statistics and public health laws passed by the last general assembly. This fact was developed at the meeting of the board Thursday. It was estimated that \$18,000 a year would be required for the proper conduct of the work.

The board ratified the action of its executive committee in changing the office of Dr. E. R. Park from that of public health representative to that of registrar of vital statistics.

## Young Child Dies

ADRIAN, Ga., Oct. 9.—Kenneth, the seventeen-month-old son of Mr. and Mrs. B. L. Grady, died here today, after a long illness, a complication of troubles causing his death. Mr. Grady is a well known R. P. D. carrier and he and his wife have many friends who deeply sympathize with them in their sorrow.

## BODY COVERED WITH ECZEMA

Started on Legs. Kept Spreading, Itched and Burned. Could Not Sleep. Also Dandruff on Head. Hair Fell Out. Cuticura Soap and Ointment Healed.

R. F. D. No. 1, Tazewell, Tenn.—"My disease started on my legs in a small patch and kept spreading until my entire body was covered. It would not sleep at night. I would scratch till the blood would come out and down my body and legs. The eruption came out in small red pimples and when I scratched the whole surface of the skin became irritated and very itchy. I tried several remedies but they did not help. I was told to use Cuticura Soap and Ointment. I first washed with Cuticura Soap and warm water, dried well and then applied the Cuticura Ointment. In a short time I was entirely well of the trouble. Cuticura Soap and Ointment cured me and they also cured my dandruff and falling hair." (Signed) Charley Alton, Jan. 31, 1914.

## Samples Free by Mail

Although Cuticura Soap (25c) and Cuticura Ointment (50c) are sold by druggists and dealers throughout the world, a sample of each will be sent to you free of charge upon request. Address: Post-card, "Cuticura, Dept. T, Boston."

## SEE THIS HAT? IT IS THE VERY LATEST OUT

Mrs. Sarah Egypt, the Model,  
is One of the Members of  
the Big Animal Family of  
Ringlings

Oh, see the camel!

Like-wise—pipe the hat.

This particular camel is one of a lumbering band of forty due to consume as many bales of hay in the full view of the local audiences next Monday on the above grounds, at Jackson street and Auburn avenue.

The registers in the Ringling Brothers' show as Mrs. Sarah Egypt, the given name, probably being some menagerie man's name. The states' greatest asset to which the secretary of state should never give his consent except at the end of our proceedings terminating in the supreme court of Georgia.

Yours, etc.,  
WALTER P. ANDREWS.

new summer hat, and naturally she wanted to show it to her friend, Boss Charlie Smith, who has charge of all the troupe animals of the Ringling Bros.

"Oh, wouldn't it be fun to put it on Egypt?" said she.

To please her, Smith made the camel how his head while he tied the long ribbon bow about its neck and then made the camel look as if it were about to put on the hat.

The little girl had skipped away to summon her mother to see the funny sight, and at the same moment Boss Smith was called aside to attend to the wants of "Mr. Dooley," the big chimpanzee who rules the monkey family.

He soon came back, but the moment was too long by far. For when he returned it was to find that one of the giraffes had unslung its thirteen-foot neck, yanked millinery from Mrs. Egypt's head, and was devouring the same with that placidity which only a giraffe can exhibit when eating a new summer hat on a sunny afternoon.

That's the point—where did Sarah get that hat?

One of the pretty ladies of the circus (the one who dresses in fluff, pink and spangles and who will ride the big gray horse in the center ring when the show comes here) has a little daughter who is very fond of the camels. Now, a short time ago this little girl was given a

## CATTLE TRAIN WRECKED AND BOLTON IS OVERRUN

Army of Hogs and Cows  
Swarms Into Village Early  
Friday Morning

An army of hogs, its right flank supported by a division of cows, invaded the town of Bolton about 6 o'clock Friday morning and routed the inhabitants.

The invasion is not part of a general scheme, but occurred when Western and Atlantic freight train No. 17, was wrecked near the Bolton station. The tender and four cars, three of them loaded with hogs from Tennessee and one loaded with cows, were overturned.

As the cars were overturned the hogs and cattle were all jammed together in what had been the top of the cars, so the trainmen, to relieve their suffering, smashed in the cars and let the hogs and cows escape.

The herd, which was loosed on Bolton before the citizens were out of bed Friday morning, consisted of approximately 200 hogs and about 20 cows. The "army" scattered in all directions, with many grunts and squeals and "moos."

A wrecking car was called by the trainmen, and when the derailed cars had been cleared away, efforts will be made to corral the pigs and cows and set them into other cars.

No one was injured in the accident. The engine was derailed, but did not overturn. The tender and the four cattle cars, however, turned over and fell partially down the embankment.

A spreading rail is said to have caused the trouble.

## Card of Thanks

Mr. G. M. Mann, Miss Fannie Mann and Mrs. Jack Webster, wish to thank the many friends, for their loving sympathy and kindness shown them in their recent bereavement.

## CLAYTON ANTI-TRUST BILL UP TO PRESIDENT

War Tax and Philippine Bill  
Next and Then Adjournment

(By Associated Press.)  
WASHINGTON, Oct. 9.—President Wilson's approval of the Clayton anti-trust bill was announced today to make it a law. Final congressional action was taken when the house late yesterday adopted the conference report on the measure. It previously had been agreed to by the senate.

Passage of the Clayton bill leaves open the war tax and the Philippine bill to be disposed of before congress will be ready to adjourn. While the Philippine bill is virtually certain of passage in the house, it will not be taken up in the senate before adjournment, as the war tax bill has the right of way.

W. A. HANSELL, JR.,  
GOOD ROADS OFFICIAL

Chief of construction, was elected state president of the Southern Appalachian Good Roads association at its sixth annual session at Bristol, Va., Tenn., which closed Thursday night.

A feature of the meeting was the address by Congressman Sam R. Goss, Tennessee, on "Federal Aid to Good Roads." The association asked congress to pass the bill appropriating \$40,000,000 for the purchase of more land for the Appalachian reserve.

## TWO LITTLE GIRLS ARE HIT BY A BICYCLE

While running across the street near the corner of Crane and Harris streets Thursday evening, two little girls, Ethel May Cuddy, eight years old, and Evelyn Everett, seven years old, were accidentally run into by a bicycle ridden by Hugh Hodges, a negro.

The children were knocked down, but sustained no injuries beyond a few minor bruises. They were able to attend school Friday morning.

## Earl Cook Recovering

WEST POINT, Ga., Oct. 9.—Earl P. Cook, a prominent planter of Gabbettville, who was seriously injured in an automobile accident here two weeks ago and since that time has been under the medical treatment of physicians at this place, has sufficiently recovered to be carried to his home near Gabbettville.

## ITALIAN MINISTER OF WAR QUILTS POST

LONDON, Oct. 9.—General minister of war in the Italian cabinet has resigned, according to a Rome dispatch. The resignation was the result of newspaper criticism concerning the administration of his department.

## FRUIT LAXATIVE FOR SICK CHILD GIVE "CALIFORNIA SYRUP OF FIGS"

Cleanses tender little stomach,  
liver, bowels without  
injury

Every mother realizes that this is the children's ideal laxative and physic, because they love its pleasant taste and it never fails to effect a thorough "inside cleansing" without griping.

When your child is cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels.

and you have a well, playful child, and the little system is in good health. When the little system is in good health, the throat, nose, has stomach ache, flatulency, indigestion, colic, remains a good liver and bowel cleansing agent, always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know the successful results it has brought them. Millions of doctors keep "California Syrup of Figs" handy; they know the successful results it has brought them.

Ask your druggist for a recent bottle of "California Syrup of Figs," or write to the California Fig Syrup Company, San Francisco, Cal., for a free booklet of "California Syrup of Figs." Refuse any "imitation" with contempt.—ADVT.

## LONG LIST OF PRIZES GIVEN BY AUTO THIEF

Boy Joy-Rider Tells County Police of Machines Abandoned or Burned

Further questioning of Millard Williams, the 17-year-old boy who claims credit for the most of the automobile robberies of the past year, drew from him Thursday afternoon an amazingly long list of machines stolen by him since June 23. Williams was arrested Tuesday by Lieutenant Chesler and Officer Haynie of the county police after clever sleuth work on their part. Wednesday night the officers caught R. S. Herndon, 16 years old colored, an admitted companion of Williams on most of the auto-stealing expeditions. Williams was caught June 23 by County Officer McCreary, charged with the Agency of a Studebaker car from the Atlanta Studebaker agency. He was released on \$100 bond and indicted Tuesday by the grand jury for stealing the car. It was since June 23, while on his bond, that the laundry of the list of cars printed below occurred. All were abandoned somewhere in the county, one was burned. In addition, a rifle, watches, and a New Century typewriter are among the articles confessedly stolen. The typewriter was taken from a contractor on the corner of Fifth street and Bedford place. Chief Mathieson has the list of cars below have been recovered by the county police and turned over to their owners; others have not. Persons who have lost autos answering the descriptions of these will please notify Chief Mathieson.

**LIST OF MACHINES.**  
The machines are: An electric, from Dr. Galloway, at Fifth street and Jackson avenue; a Cadillac, 28 Peachtree street; a Studebaker, belonging to the Studebaker company, recovered by the county police when Williams was arrested by Officer McCreary June 23; a Buick belonging to some one in the grand building; a Chevrolet, stolen from the Atlanta theater; a Buick, stolen from in front of the Lyric; a Cadillac, stolen from Dr. Hardy on Peachtree street; a Pullman, driven by one of Williams' negro friends from the 22nd street to the Brookhaven club, and then burned—Williams drove out in the night; a Buick, taken from the negro in the 10th street; a Buick, taken from in front of the Peachtree theater, and advertised by its owners on Highland avenue; a Buick, from the Davis-Fischer sanitarium; a Ford, taken from Emory Sims on Spring street Saturday night; a Hudson, belonging to Ernest Dallas, a life-cycle car belonging to C. Carwin.

**ALSO TOOK BICYCLES.**  
There are other cars stolen before June 23, that Williams cannot now remember. In addition, he admitted taking two wheels whenever he wanted to ride on two wheels instead of four. These, he said, were left in the country. Six have been recovered by the county police, and Chief Mathieson wants owners to claim them. Their numbers are: 12934, 2770, 10788, 11270, 10860 and one numbered 1-2-3, with the number partly chipped off.

## CONVICT KILLED; GUARD AND CHAUFFEUR HELD

Charged with involuntary manslaughter because of the death of Will Johnson, a negro convict who was killed by a car on Ashby street Thursday afternoon, the driver of the car, a white sedan, owned by Jack Donaldson and Chauffeur J. L. Thomas were arrested and taken to Fulton county jail. Here they made bond of \$200 each and were released. It is charged that the negro was slain with other convicts, all of whom were sitting on top of hales of hay loaded on the truck. At Jefferson and Ashby streets the truck gave a lurch, throwing Johnson out. The rear wheel passed over his head, killing him instantly, it is said.

## ATLANTA BANKER WILL ATTEND RICHMOND MEET

John R. Orley, vice president of the Fourth National bank, and vice president of the Atlanta clearing house association, will attend the meeting of the American Bankers' association next week in Richmond, Va. He will leave Atlanta for Richmond on Saturday. Mr. Orley is one of the leading members of the association. For several years he has been on the executive council of the association and is now president of the clearing house section of the organization.

## HABEAS CORPUS STOPS RECORDER'S COURT CASE

A writ of habeas corpus served on Chief of Police Beavers, the hearing of William Specht, eighteen years old, was stopped by a writ of habeas corpus in recorder's court Friday morning. Under the writ, the young prisoner was released and taken to Judge Hitt's branch of the superior court, where the merits of his arrest and detention were looked into. Specht was arrested with three other youths, charged with breaking into Hartman's haberdashery store, 6 Peachtree street, and stealing \$200 worth of goods.

## CITY TRAINING SCHOOL OPENED THURSDAY NIGHT

Wesley Memorial Institute Provides Instruction for Sunday School Teachers

With over 150 prospective students present, the City Training school of Atlanta, organized by the Wesley Memorial Institute as a normal school for Sunday school teachers, came into existence Thursday night in the Wesley Memorial building with impressive exercises.

This school, with its faculty largely composed of members of the theological faculty of the new Methodist university, will be open to all denominations, although intended primarily for the work of Methodists. All Sunday school teachers and others interested in learning more of Christianity and the Bible are welcomed at the lectures, which will be held every Thursday evening from 7 until 8:30 o'clock. For the convenience of those working downtown, supper will be served in the dining room of the Wesley Memorial building on these evenings at 6:30 o'clock at the nominal price of 10 cents.

Rev. Herbert L. Willett, D. D., head of the Divinity school of the Disciples church, Chicago, delivered, at the opening exercises, the first series of lectures, to be given by prominent religious teachers on the first Thursday of every month. His subject was the Bible.

The faculty of the new school is composed of Director Hugh H. Harris, professor of religious psychology and pedagogy, Methodist university, Atlanta; Plato T. Durham, dean and professor of church history in the new university; Andrew Sled, professor of Greek and New Testament theology; W. A. Smith, professor of biblical theology; W. J. Young, professor of homiletics and pastoral theology; W. A. Shelton, professor of Hebrew and Old Testament literature; Walker White and W. P. Bloodworth, teachers of the International Uniform lessons. All of the faculty, with the exception of the last two named, are members of the new Methodist university faculty.

W. P. Bloodworth delivered a lecture at the opening exercises on how teachers should prepare the Sunday school lessons.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" ends stomach misery, indigestion in 5 minutes

If what you just ate is souring on your stomach or like a lump of lead, refusing to digest, or you belch gas and eructate, sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of "Pape's Diapiesin." He will understand why dyspeptic troubles of all kinds must go, and why they return, unless the stomach is cleared or indigestion in five minutes. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—(Adv.)

## HEADACHES

Thousands of men and women suffer from headaches every week or every month, and still they do not know what to do to get rid of them. The best doctor is often unable to find the cause of the headache, and in most other cases, knowing the cause, he does not know what to do to get rid of it. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

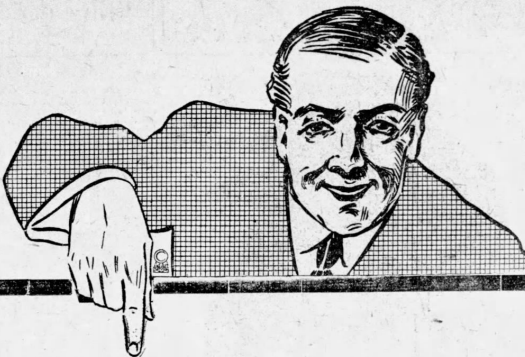

## SICK HEADACHES

Sick headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. Guaranteed to relieve in ten minutes, take two tablets, and in many cases, the attack is over. A-K Tablets will be sent to you on request. Write to A-K Tablets, 1000 Broadway, New York, N. Y. The rest and comfort which follow, can be obtained in no other way.

Genuine A-K Tablets bear the K monogram. At all druggists.

## MAYOR WANTS LESS DISCUSSION OF WAR IN ATLANTA SCHOOLS

Sends Letter to Superintendent After Getting Protest From Germans Living in This City

"Absolute neutrality" in the public schools of Atlanta is asked in a letter from Mayor James G. Woodard to Superintendent of Schools William M. Slaton, following a protest by a delegation of German-Americans, who called upon the mayor and declared that the Fatherland is getting the worst of it in the current war.

The mayor also called the head of the school department that in view of President Wilson's attitude, it would probably be best not to have the European war discussed at all in the schools. The text of the mayor's letter to Mr. Slaton follows:

"Dear Sir: I enclose you a letter that you are supposed to have distributed among the different schools for discussion. I desire to call your attention especially to the last paragraph of that letter. It appears from that paragraph that you are to read articles from newspapers and express their views on appropriate lines. You should remember that we have a large German population in this city who are followers of the Fatherland. They send their children to our schools. It is not very pleasant to those children to hear their people abused or criticized adversely.

"It would appear to me from the position that President Wilson has taken, advising neutrality among the people of this country, that it is inadvisable to attempt to have these matters discussed, probably through the newspapers, by little children. I would suggest absolute neutrality and that each child who enters our school system agree to that.

"Explaining his letter, Mayor Woodard said that some days ago the board of education voted to have the war discussed in the schools and ordered that the teachers be allowed to instruct the children about the horrors of war. The superintendent, Slaton, said the information from the newspapers, especially as the greater part of the articles in which the war is discussed, are prejudicial to the allies. As the result of the discussion which followed the board of good German citizens, who heard their children talking after school about things said there, came to get their test. After their visit I immediately wrote the superintendent and stated that I did not think it right for the teachers to be instructing the children about the war."

The mayor has received from Mr. Slaton a reply to his letter in which he stated that his circular to the school principals has been misinterpreted, and that he meant to refer them to the newspapers only for data relating to the war. He also stated that the reasons for the designation of such a day.

## WANTS FARM MORTGAGE BUSINESS REORGANIZED

Dr. John Lee Coulten Makes Suggestion at Meeting in Chicago

(By Associated Press.)

CHICAGO, Oct. 9.—The reorganization of the farm mortgage business, so the plan of the United States commission on the farm mortgage business, was discussed at a meeting of the board of directors of the National Farm Mortgage Bank, held here today.

Dr. John Lee Coulten, secretary of the United States commission on the farm mortgage business, said the plan of the bank, which was organized to handle the farm mortgage business, was to be reorganized. He said that the bank was to be reorganized into a national farm mortgage bank, which would handle the farm mortgage business of the United States.

Dr. Coulten said that the bank was to be reorganized into a national farm mortgage bank, which would handle the farm mortgage business of the United States. He said that the bank was to be reorganized into a national farm mortgage bank, which would handle the farm mortgage business of the United States.

## FATHER INJOINED FROM VISITING YOUNG CHILD

Mother Tells Court She Is Afraid Father Will Kidnap Youngster

(By Associated Press.)

INDIANAPOLIS, Ind., Oct. 9.—A father was enjoined from visiting his young child, who is being held in custody by the state, because the mother is afraid the father will kidnap the child, according to a ruling by the state court today.

The case involves a young child, who is being held in custody by the state, because the mother is afraid the father will kidnap the child. The court ruled that the father is enjoined from visiting the child.

## BRYAN ON SPEAKING TOUR IN INDIANA

(By Associated Press.)

INDIANAPOLIS, Ind., Oct. 9.—Secretary William J. Bryan, accompanied by Indiana Democratic leaders, on a special train, began a two-day speaking campaign of the state today.

## PASTORS TO ASK AID FOR NATIONAL W. C. T. U.

Will Call on Their Congregations Sunday for Fund to Entertain Convention

The national convention of the Woman's Christian Temperance union, which meets in Atlanta in November, was invited here, among others, by the Evangelical Ministers' association of the city, and the association assumed responsibility for raising \$4,000 to defray the expenses of entertainment.

A canvass made by a committee appointed for the purpose met with very little success. Then the various unions of Georgia undertook to raise \$1,500 of the fund and by hard work they have practically this amount in hand.

It is now "up to the evangelical ministers to raise the balance, according to Dr. H. M. Dulboe, chairman of the canvassing committee, and at the meeting of the association Dr. Dulboe introduced a resolution, which was passed, calling on every evangelical pastor next Sunday to submit the matter to his congregation.

Dr. Dulboe points out that Atlanta's reputation is not as a convention city, but for southern hospitality, and will be judged by the 1,000 and more women from the United States and foreign countries who come to the convention.

"A failure to entertain them properly is a contingency too distressing to contemplate," he declares.

## MOVING PICTURE FILM MADE OF U. S. SENATE

WASHINGTON, Oct. 9.—The first time in history and to the astonishment of the senators themselves, a moving picture film was made today of the United States senate in session, with Vice President Marshall in the chair and the chaplain offering prayer.

Overnight the senate chamber had been rigged in a network of wiring and the lights that shone from every angle made it possible for the production of a perfect picture.

The film of the senate will constitute one of many illustrating the United States government at work. Henry W. Savage is making a \$100,000 movie production of the United States senate on the American government which appears today in The Atlanta Journal and was subsequently issued in book form.

Savage's movie" outfit has been in Washington for weeks making films of every department of the government.

## HOW EMBARRASSING

Nothing is more embarrassing than to be constantly throwing off gas.

## Tutt's Pills

will stop it and at the same time make your breath sweet and your skin clear. At your druggist—sugar coated or plain.

## Bring Me Your Roll

## GOVERNOR UNDECIDED ABOUT EXTRA SESSION TO PROTECT W. & A.

State House Officials Say Grave Situation Confronts the State and Urge Necessity of Action

Governor Slaton stated Friday afternoon that he had not yet reached a decision as to the advisability of calling an extraordinary session of the legislature to take action on the proposed reorganization of the Western and Atlantic railroad.

It is now "up to the evangelical ministers to raise the balance, according to Dr. H. M. Dulboe, chairman of the canvassing committee, and at the meeting of the association Dr. Dulboe introduced a resolution, which was passed, calling on every evangelical pastor next Sunday to submit the matter to his congregation.

Dr. Dulboe points out that Atlanta's reputation is not as a convention city, but for southern hospitality, and will be judged by the 1,000 and more women from the United States and foreign countries who come to the convention.

"A failure to entertain them properly is a contingency too distressing to contemplate," he declares.

## FRAUD IN LAND DEAL CHARGED TO MINISTER

Woman Asks That Transfer Between Rev. C. B. Ragsdale and Self Be Voided

Declaring he misrepresented the value of land and other property to her and that she trusted him as a minister of the Gospel and so allowed herself to be defrauded, Mrs. Ollie Cain has filed suit in the superior court, asking that property transfers between herself and Rev. C. B. Ragsdale be declared null and void.

Mrs. Ragsdale, it will be remembered, figured sensationally in the Frank case when he was removed to the asylum for the insane. She was charged with the murder of a white girl to another negro.

Later he repudiated the statement, claiming he had been made to make a false affidavit by Arthur Thurman, the attorney, and C. C. Tedder, a Burns detective.

In the superior court suit Mrs. Cain set out that she made a deal with Mr. Ragsdale. She sold him, she says to acres of land on the Roswell road, encumbered by a \$100 mortgage, for \$12,000, which she claims not to have received, although he has further encumbered the property. He sold her, she says, certain property in Holly Springs, Cherokee.

This property included a store, which the plaintiff claims Mr. Ragsdale told her had an income of \$15,000 a year, when, as a matter of fact, its receipts were nothing like that amount.

She also says he represented to her that the stock of the store had cost \$10,000, when he knew it had not and that she had lost it.

The suit asks the court to declare the whole deal off, and she offers to return his property, and wants her Roswell road tract back. Attorney W. E. Terrell filed the suit.

## COTTON GOODS EXHIBIT INDORSED BY WILSON

President Suggests Similar Exhibits Be Made in Other Cities

(By Associated Press.)

WASHINGTON, Oct. 9.—Urging that the demand for cotton be increased, President Wilson today indorsed the exhibit of cotton goods held here this week and suggested that similar exhibits be given in other cities. The statement was made.

"The various movements to relieve the situation of our cotton growers, hard hit by war conditions in Europe, afford a fresh proof of the American spirit of self-help."

## Man Coming Here to See His Sick Brother Will Find Him Dead

Expecting to leave Atlanta Saturday for his home in Montreal in company with his brother, who has been under treatment here for several weeks past, C. L. Drury, of Montreal, will reach Atlanta Friday night.

On his arrival, he will be met with the sad news that the brother he had expected to take home a convalescent, died suddenly Saturday morning at a private sanitarium, a victim of the illness which he had been suffering from since his southern trip.

Mr. Drury does not know of his brother's death. When he left Montreal he had heard that this brother was on the road to recovery. It was impossible to communicate with Mr. Drury on board train Friday, and he was unable to break to him until he reaches the city.

If A. Drury was a prominent steel magnate of Canada. He was staying at the Georgia Terrace until a few days ago, when he was removed to the sanitarium where he was being treated. Complacence set in, and all efforts failed to save him.

He was about fifty-four years old and is survived by his wife, one son and his brother. The body is at P. J. Bloomfield's chapel pending the arrival to the brother.

helpfulness. The exhibit of cotton goods in Washington this week opened the eyes of many to the growing uses of cotton. It is gratifying that patriotic women of other cities in our country are planning to follow the good example of Washington women and make like exhibits in their home cities. Such displays must have the effect of increasing the demand and opening new fields for the use of the fleecy staple and are, therefore, to be warmly commended.

## Dr. Paine Reappointed

Governor Slaton Friday morning reappointed Dr. Clarence M. Paine, of Atlanta, a member of the state board of medical examiners as a representative of the homeopathic branch of medicine. Dr. Paine's appointment is for four years, dating from September 1.

## To Have Pretty Hair

If your hair is not as soft, and pretty, as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would give a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, make it grow. If it is too dry and brittle, soften it. If it is too greasy, cleanse it. If it is too dark, lighten it. If it is too light, darken it. If it is too long, cut it. If it is too short, grow it. If it is too straight, wave it. If it is too wavy, straighten it. If it is too curly, relax it. If it is too loose, tighten it. If it is too tight, loosen it. If it is too dry, moisten it. If it is too moist, dry it. If it is too hot, cool it. If it is too cold, warm it. If it is too stiff, soften it. If it is too soft, firm it. If it is too rough, smooth it. If it is too smooth, roughen it. If it is too clean, dirty it. If it is too dirty, clean it. If it is too healthy, make it unhealthy. If it is too unhealthy, make it healthy. If it is too pretty, make it ugly. If it is too ugly, make it pretty. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good. If it is too beautiful, make it ugly. If it is too ugly, make it beautiful. If it is too soft, make it hard. If it is too hard, make it soft. If it is too strong, make it weak. If it is too weak, make it strong. If it is too good, make it bad. If it is too bad, make it good.
